EXPERIENCE

AGPAYTECH LTD. | JUNIOR WEB DEVELOPER

AUG 2021 – Current | Kolkata, India

- Developing a Payment Gateway Software 'ATLPAY' from scratch. Using NodeJs, TypeScript, JavaScript.Express as framework and Microservices as Architecture. Docker Platform as a Service and Jest as Testing Framework. I have used tool like Git for vcs, Postman for API testing and Swagger for API Documentation. My responsibility to Write Optimize Code for Development then test the code for the services and make documentation of that part for further use.
- I have major Contribution in Development and maintain the Agpaytech website using PHP and CakePHP as Framework.

PROJECTS
